

HVREMSCO and HVREMAC Policy and Procedures Manual

Policy Name: Minimum ALS Equipment Policy	
Policy Number: CP-8	
Approved by: REMAC	Effective Date: 6/5/2017
Revision Date(s):	Page 1 of 3

Purpose: Provide a clear understanding regarding the minimum ALS Equipment required by type of Advanced Life Support Service. **(see List Below)**

Guidelines: All equipment carried for use in providing patient care must be maintained in accordance with the manufacturers’ recommendations. All supplies shall be within their respective expiration dates and in accordance with BEMS Policy Statement 09-12, “Storage and Integrity of Prehospital Medications and IV Fluids.”

Inventory: ALS Agencies carrying gear for two (2) medics must ensure each set of gear complies with this guideline.

Each ALS Unit is responsible for a daily equipment check and should maintain a record of said inventory.
