

HUDSON VALLEY REGIONAL EMERGENCY
MEDICAL SERVICES COUNCIL, INC.
33 Airport Center Drive
Suite 204 Second Floor
New Windsor, NY 12553

All Hospital Administrators:

The 2019 New York State ALS Collaborative protocols will become effective January 1, 2020 but can be implemented sooner by Agencies that have updated all their providers.

Each Medical Control Facility must ensure that all Hudson Valley Credentialed Physicians, Physician Assistants and Nurse Practitioners associated with them have completed the ALS rollout. Upon completion they need to submit to the Regional Office a signed [Protocol Verification Form](#) that they have completed the self-study portion of the rollout. Practitioners that do not submit the affidavit will be unable to give medical control direction to ALS providers in the field.

All rollout materials, **Protocol Verification Form** and other supplemental training materials are available on our [website](http://www.hvremaco.org) (HVREMSCO.org) as well as our [Facebook](#) page.

**Respectfully,
HVREMAC & Protocol Committee**
